

Callum Luxford

Software Developer

PERSONAL PROFILE

Junior Full-Stack Developer with hands-on experience building web applications using React, Node.js, Express, and MongoDB. I've delivered projects for small businesses and freelance clients, as well as building my own applications from the ground up. Can solve problems and learn quickly. I'm now looking to focus my efforts as part of a collaborative team.

WORK EXPERIENCE

Freelance Developer, Rochford, United Kingdom

[onew3rld.ai](#)

2024 – Present

- Built and deployed a QR-based landing page system for onew3rld.ai, allowing clients to scan and access localized video content across multiple languages.
- Developed a **RSA demo** used for teaching Alcohol Licensing laws in the UAE.
- Created **Sw4ps**, a face-swap web app prototype.
- Manage deployments, version control, and client communication to deliver complete end-to-end solutions.

Freelance Developer, Rochford, United Kingdom

Dynamic Roofing Solutions

2024 – 2024

- Designed and launched the company's first website, improving its online presence and customer enquiries.

BookabuilderUK, Rochford, United Kingdom

Sales/Marketing Account Manager

2022 – 2023

- Gained commercial experience working with bespoke software in a B2B environment.
- Improved client data management through CRM tools and automated reports.
- Regularly exceeded revenue targets through strong communication and relationship-building.
